A Picture Dictionary in Ga'dang

Printed in the Philippines

PAUNANG SALITA

Ang isang katangiang masasabi tungkol sa Pilipinas ay ang pagkakaroon nito ng iba't ibang pangkat etniko na nag-aangkin ng kani-kanilang wikang katutubo. Gayon man, ito'y hindi naging balakid sa pag-unlad ng bansa, bagkus nagpatibay pa nga sa pagbubuklód at pagkakaisa ng mga mamamayan tungo sa pagkakaroon ng isang diwang panlahat.

Ang aklat na ito ay isa sa serye ng ganitong uri ng mga babasahing inihahanda para sa higit na ikalililang ng mga kaalaman, kakayahan, kasanayan, pagpapahalaga at pagmamahal sa sariling wika ng mga mag-aaral.

Sinikap na malákipan ang aklat ng mga paksang inaaakalang magdudulot ng malaki at makabuluhang kapakinabangan sa mga gagamit nito. Sa paghahanda ng mga ito'y isinaalang-alang ang mga pangkalahatang layunin ng bansa. Isinaalang-alang din ang mga pangkasalukuyang pangangailangan ng mga mag-aaral sa pagpapalawak at pagpapayaman ng kanilang talasalitaan, paglinang ng kakayahang gumamit ng wikang gamitin at wastong pagsulat nito. May inilakip ding mga pagsasanay na inaaakalang makatutulong sa mabisang pag-aaral ng wika. Matitiyak na ganap na nilang natutuhan at nauunawaan ang wika kung ito'y buong katalinuhan na nilang natatalakay sa klase at naiuugnay o nagagamit sa tunay na buhay.

Buong pagmamalaking inihahandog ng Ministri ng Edukasyon at Kultura ang aklat na ito taglay ang matapat na hangarin at mithiing lalo pang mapataas ang uri ng edukasyon para sa di marunong bumasa at sumulat sa pamamagitan ng pag-aaral ng kinagisnang wika. At inaasahan din sa gayon ang madaling pagkatuto ng wikang pambansa.

Onofre D. Corpuz
Ministro ng Edukasyon at Kultura

Preface

This picture dictionary is prepared in the Ga'dang, Pilipino, and English languages. Ga'dang is the source language and the words are alphabetized according to the Ga'dang language. It can be used by learners on many different levels of reading ability:

The book can be used by pre-literate learners who can, under the direction of a teacher, note auditory and visual sameness of beginning sounds and note the word configurations of many common nouns.

The book can be used by newly-literate learners who can make use of the picture clues to read the entries and in so doing expose them to many common words in printed form.

The book can be used as a simple textbook for teaching beginning dictionary skills to middle grade pupils: alphabetical order, locating words in a dictionary, using a dictionary for spelling confirmation, as well as using a dictionary to learn words of another language.

Finally, the book can be used by students of a second language as a simple sourcebook to supplement vocabulary building in learning a second language.

Dale Smith and Elizabeth Kyle prepared the book for publication.
