## PAUNANG SALITA

Ang isang katangiang masasabi tungkol sa Pilipinas ay ang pagkakaroon nito ng iba't ibang pangkat etniko na nag-aangkin ng kani-kanilang wikang katutubo. Gayon man, ito'y hindi naging balakid sa pag-unlad ng bansa, bagkus nagpatibay pa nga sa pagbubuklod at pagkakaisa ng mga mamamayan tungo sa pagkakaroon ng isang diwang panlahat.

Ang aklat na ito ay isa sa serye ng ganitong uri ng mga babasahing inihahanda para sa higit na ikalilintang ng mga kaalaman, kakayahan, kasanayan, pagpapahalaga at pagmamahal sa sariling wika ng mga mag-aaral.

Sinikap na malakipan ang aklat ng mga paksang inaaakalang magdudulot ng malaki at makabuluhang kapakinabangan sa mga gagamit nito. Sa paghahanda ng mga ito'y isinaalang-alang ang mga pangkalahatang layunin ng bansa. Isinaalang-alang din ang mga pangkasalukuyang pangangailangan ng mga mag-aaral sa pagpapalawak at pagpapayaman ng kanilang talasalitaan, paglinang ng kakayahang gumamit ng wikang gamitin at wastong pagsulat nito. May inilakip ding mga pagsasanay na inaaakalang makatutulong sa mabisang pag-aaral ng wika. Matitiyak na ganap na nilang natutuhan at nauunawaan ang wika kung ito'y buong katalinuhan na nilang natatalakay sa klase at naiuugnay o nagagamit sa tunay na buhay.

Buong pagmamalaking inihahandog ng Ministri ng Edukasyon at Kultura ang aklat na ito taglay ang matapat na hangarin at mithiing lalo pang mapataas ang uri ng edukasyon para sa di marunong bumasa at sumulat sa pamamagitan ng pag-aaral ng kinagisnang wika. At inaasahan din sa gayon ang madaling pagkatuto ng wikang pambansa.

## DIRECTIONS TO THE TEACHER

This workbook has been prepared to teach beginning dictionary skills: alphabetical order, root word, affixation, vowel and consonant recognition. It is designed for the use of grade three and up. This simple dictionary is prepared in the Ibatan, Pilipino, and English languages, and the words are alphabetized according to the Ibatan language.

The Ibatan alphabet follows the National Language except for dy, ch, and ny where dy is the same as j in jeep and ch the same as the ch in church. Only the o sound is used in Ibatan (there is no o, u distinction). The teacher should note that the pronunciation of e is different to that of the National Language. Also, the pronunciation of the English vowels (a, e, i, o, u) are different to that of Ibatan and Pilipino.

On page 1 the Ibatan, Pilipino, and English alphabets are listed. Page 2 divides them in their vowel and consonant groups. The students should refer to these lists whenever they need help in the alphabetizing exercises.

Each section begins with a letter of the Ibatan alphabet with a list of vocabulary and its corresponding Pilipino and English equivalents. The teacher should first pronounce the words for the students and help them identify the words if they do not know them. Since there are no Ibatan words which begin with e, words which have e are listed, even though they do not begin with e.

The second exercise is to teach word order with two lessons in alphabetizing; one in Ibatan and one in Pilipino. The teacher should show the students how to alphabetize by giving some examples on the board before the students fill in the exercises in the book.

The third exercise involves joining affixes to the root word. Only a few of the major affixes are taught in this book: in Ibatan may-, mag-, mang-, i-, cha-, ma-, om- and their varied forms, and in Pilipino mag-, mang-, i-, ma-, um- and their varied forms. The teacher may choose to teach other affixes as well. The affixes are taught separately for words beginning with vowels and those beginning with consonants. The completed forms are also taught: may-/nay-, ma-/na-, etc. Some lessons are longer than others, so the teacher should be the one to decide how much to assign to the students. The teacher should teach the students how to join the affix to the root word on the chalk board before having the students write in their books.

The exercises for the letters e, l, s, t, w, and y are review exercises. The teacher should add other drills or exercises in each lesson to help reinforce that which has been taught.
