PAUNANG SALITA

Ang isang katangiang masasabi tungkol sa Pilipinas ay ang pagkakaroon nito ng iba't ibang pangkat etniko na nag-aangkin ng kani-kanilang wikang katutubo. Gayon man, ito'y hindi naging balakid sa pag-unlad ng bansa, bagkus nagpatibay pa nga sa pagbubuklod at pagkakaisa ng mga mamamayan tungo sa pagkakaroon ng isang diwang panlahat.

Ang aklat na ito ay isa sa serye ng ganitong uri ng mga babasahing inihahanda para sa higit na ikalilintang ng mga kaalaman, kakayahan, kasanayan, pagpapahalaga at pagmamahal sa sariling wika ng mga mag-aaral.

Sinikap na malakipan ang aklat ng mga paksang inaaakalang magdudulot ng malaki at makabuluhang kapakinabangan sa mga gagamit nito. Sa paghahanda ng mga ito'y isinaalang-alang ang mga pangkalahatang layunin ng bansa. Isinaalang-alang din ang mga pangkasalukuyang pangangailangan ng mga mag-aaral sa pagpapalawak at pagpapayaman ng kanilang talasalitaan, paglinang ng kakayahang gumamit ng wikang gamitin at wastong pagsulat nito. May inilakip ding mga pagsasanay na inaakalang makatutulong sa mabisang pag-aaral ng wika. Matitiyak na ganap na nilang natutuhan at nauunawaan ang wika kung ito'y buong katalinuhan na nilang natatalakay sa klase at naiuugnay o nagagamit sa tunay na buhay.

Buong pagmamalaking inihahandog ng Ministri ng Edukasyon at Kultura ang aklat na ito taglay ang matapat na hangarin at mithiing lalo pang mapataas ang uri ng edukasyon para sa di marunong bumasa at sumulat sa pamamagitan ng pag-aaral ng kinagisnang wika. At inaasahan din sa gayon ang madaling pagkatuto ng wikang pambansa.

Onofre D. Corpuz

Ministro ng Edukasyon at Kultura

PREFACE

This book, Menbasa Tako, has been prepared to teach the skill of reading and writing to speakers of Northern Kankanaey of Mountain Province, Republic of the Philippines. It is to be taught following the pre-reading workbook, Menlogi Tako ay Menbasa.

The letters of the Northern Kankanaey alphabet are: a, b, k, d, e, g, i, l, m, n, ng, o, p, s, t, w, y, and glottal stop (symbolized by a hyphen). These letters, except for e follow their counterparts in the National Language. E is the mid-central vocoid. The letters are taught in the following sequence: i, o, a, e, l, p, n, s, m, t, b, k, d, g, w, y, ng. Glottal stop is introduced with the lesson on m, but not taught as a separate letter.

The method used in this book is phonics with closed syllables being introduced with the letter n. Each letter is practiced in controlled syllable, word, and story drills. Writing is taught and used to reinforce the reading skills. Directions for teaching each lesson are given at the beginning of each lesson in the Teacher's Edition of Menbasa Tako.

. Doris Porter of the Summer Institute of Linguistics prepared the lessons and the teacher's guide. Dinig-as Ap-apid and Marciana Ap-apid wrote some of the stories and Mr. Ap-apid checked the materials.
