

*Celebrate!*

## Fifty Years of Dedicated Service for the Cultural Communities of the Philippines

SIL is honored in this series of twelve postage stamps issued by the Philippines. These cultural designs represent traditional arts and crafts of the language communities with which SIL has partnered in its fifty years of dedicated service in the Philippines. SIL affirms the value and worth of the people of every culture and language through literacy and translation efforts.

To all who have partnered with SIL and its members in the accomplishments of these fifty years, to those who have served among the cultural communities, and to those who have supported the work, *Thank you!*

Congratulations to SIL and its partners around the world!
